SUMMARY

Software Engineer with real-world experience delivering cross-platform mobile and desktop applications, including deployed projects for international clients. Strong problem-solving mindset, adaptability, and continuous learning attitude, eager to contribute to impactful products and grow within a professional team.

TECHNICAL SKILLS

- **Core:** Flutter, Dart, Bloc, Provider, Riverpod, Firebase, REST API, WebSocket
- **Web (basic, currently learning)**: HTML, CSS, JavaScript.
- **Database & Backend:** ObjectBox, Hive, Supabase, Firebase Realtime Database , MongoDB (basic).
- **Tools & Workflow:** Git, Github, Melos (modularization).
- **Additional:** Kotlin (basic Android)

EDUCATION

Can Tho University   **2020 - 2024**
Information Technology Engineer   **GPA:** 3.57 / 4.0

LANGUAGE

English: Upper intermediate

WORK EXPERIENCE

Flutter Developer, TQT Global   **May 2025 - Jul 2025**
- Built cross-platform chat application for Windows & macOS using Flutter/Dart.
- Applied Clean Architecture & modular design (Melos) for scalability and easier maintenance.
- Improved app responsiveness with ObjectBox caching (reduced data fetch time by ~40%).
- Implemented real-time messaging with WebSocket & Event Bus.
- **Tech:** Flutter, Dart, Bloc, Melos, WebSocket, ObjectBox

Mobile Developer, SenseTech   **Jan 2025 - Apr 2025**
- Developed tablet app for restaurant management (orders, products, reservations, tables).
- Integrated Supabase for authentication and live updates across devices.
- Applied Bloc for scalable and maintainable state management.
- Implemented receipt printing, improving order processing speed by ~ 30%.
- **Tech:** Flutter, Dart, Bloc, Supabase, Kotlin

PERSONAL PROJECT

Job Finder App   **Jun 2024 - Nov 2024**
Cross-platform IT recruitment platform (mobile apps for job seekers and employers, plus web admin dashboard).
- Designed and built features: profile management, CV builder, job search & apply, realtime chat, admin tools.
- Used Provider for simplified state management and maintainability.
- **Tech:** Flutter, Provider, Node.js, MongoDB, Socket.IO.

SOFT SKILLS

- Problem-Solving
- Teamwork
- Adaptability
- Communication
- Continuous Learning
